

Power Lines

Gazelle's Corner

Welcome to this month's issue of PowerLines, the newsletter of the Orlando BDSM Munch community.

Lots of news this month, so let's get started....

First of all, I want to take a moment to thank one of our Board Members for the time and energy he has spent with our group... Rapacious, because of a heavy schedule in his personal life, has had to resign from the Munch Board of Directors. His presence will be greatly missed, but he will continue to offer his input in any way he can. We are fortunate to have someone with his stature in our midst!

In his place, we will be welcoming back 2 former members of the Board of Directors, Mistress Sherry and Lilone. Both have been heavily involved with the Munch community for a long time, both are hard workers, and both will be a valuable addition to the Board! Welcome Back! (to contact any of the current Board of Directors, please see the back of this publication for names and email addresses)

Secondly, we have had a

change in location for the Thursday Night Fetish Nights! Persuasions has closed it's doors, but we have found a great new home for our weekly get together, in Lil Orphan Annie's. We had a nice showing the first night there, and were welcomed with open arms! See the column on page 2 for details on the weekly Fetish Night.

Torville and I will be on the road next month going to visit 2 different groups. On the 8th, we will have the honor to join the JAPE group in Jacksonville for their 2nd Anniversary meeting/ party. Torville will give his workshop on Erotic Hypnosis there, and we are looking forward to seeing lots of friends. The following weekend we will be traveling up to the Gainesville Munch, to again speak on Erotic Hypnosis. We met some of the folks from Gainesville at the Daytona Bash, and are looking forward to seeing them again! (I personally love going to other people's Munches... I can just sit back and enjoy myself, and not be in charge! *grin*) We had the best time this past month over at the Tampa Munch, with their great new location. I also have added news on two new munch groups here in Florida...one in Zephyrhills, and another brand new one in Daytona! See the

We are busily plotting out the details for next year's Bash at the Beach... watch here and on the website for more details, as soon as we have them. It promises to be an extravaganza that you won't forget! Because of some unfortunate circumstances, we do not have an interview this month. But we have a great issue anyway, with erotica, poetry, and more. Happy reading!

OPEX Needs Your Help!

The Orlando Munch group has been offering monthly discussion meetings for almost 3 years now, with our OPEX (Orlando Power Exchange) group. We are coming to you now, to ask for your feedback. We want to know what topics YOU would like to see offered each month, either in a discussion group format or a demo. Also, if you have a special skill that you would like to share with others, and would be willing to teach a class, we would love to hear from you too.

Please drop a line to us at opex@orlandomunch.com with your ideas. We are trying to "grow" OPEX into a resource that will benefit the leather community as a whole, and we need your help in doing that!

Leather Fetish Night

As of June 8th, Persuasions has closed their doors. Thanks to Steve and Jimmy, the owners, and to all the wonderful bartenders that took such great care of us! We looked at a couple of replacement locations, and found a delightful establishment in the Lee Rd area of Orlando!

We are announcing that we here in the Central Florida area now have a **great NEW** place to meet and hang out in all our favorite leather and fetish duds.... **Lil Orphan Annie's** is a wonderful little bar in Orlando that has opened its' doors to all us pervs on Thursday nights! Thursday nights are now Leather & Fetish Night, and anyone who is attired in anything scene wear will get great drink prices, besides having a place to hang out and strut their stuff! We have even seen the toys come out to an appreciative reception! The staff there is REALLY friendly, and they want to make us feel welcome! We really do need to support them by showing up every week! Lil' Orphan Annie's is located 2 traffic lights north of Lee Rd on OBT (Hwy 441). Address is 5700 N OBT. Turn left at Cinderlane Pkwy, and then take the first right into Blockbuster's parking area. **(NOTE: The sign over the bar still says "Old Monty's Pub", but it really is Lil Orphan Annie's.)** There is plenty of lighted parking in back, and a few spaces available up front. Great music, great drinks, a nice little dance floor, and great ambience!

Hope to see you there!

Smothering... by L&S

I look at him lying there sleeping with a pleasant look on his face. Poor guy, he really has no idea what is about to happen to him. he really should be careful of all the things he is explaining to Me, but hey, what are friends for?

I measure his breathing, rise and fall of his chest, count the number in a minute...it is nice and steady. I make My way to the bed...is that My heart beating so quickly? Always nervous the first time out of the gate still to this day. As I straddle him his breathing interrupts and then resumes. his mouth is slightly open, but closes again as he resumes his sleep. I position Myself right over his nose.....still a scent that can make him smile in his sleep after all this time.

I look down and see My pussy lips glistening and a small string starts to fall down onto his lip. He is inhaling now and down I sit. I look down to see horror, terror and shock in his eyes and then a look of admiration. his chest stops rising and I feel his strong warm hands clutch My ass tightly with a soft moan escaping from his pink lips....he knows that he cannot taste or breathe until I decide he can. What trust he has placed in Me. I rise up just a smidgen and while his lungs fill deeply I sit down again....No time to think anything but, "I need air" only to have it taken from him. I feel his hands rub the soft lace gown I am wearing....the rose color looks great against My skin. he clutches My ass again.

I hear another soft moan escape into the folds of My dripping pussy lips. I really think that he should be conserving all of that precious air. 'Do you want to taste My pussy juices?' I teasingly ask...and I see a "yes" in his eyes. he knows it will not happen this early in the game.

I start speaking to him softly as I feel his tension rising again, softly stroking his hair and face. I raise up just enough for him to get a

couple of gulps of air. Open your lips just slightly for Me, I say, and he complies. he looks Me in the eyes because he knows what is going to happen...he must truly relax now all of those muscles in the chest, neck and throat. As I sit down and adjust Myself again over his slightly parted lips his hot breath makes My pussy drip more juice into his mouth...he is a smart man, that is why I chose him. he knows that he now has to swallow without breathing and/or just let the juice slowly ooze down his throat ever so slowly without swallowing otherwise he will choke. I wonder how long he can hold it in the back of his throat before it starts to tickle....This should be fun! I feel Myself pouring into his mouth and he has decided to let it ooze down....I know he wants to taste it desperately but cannot due to the lack of air. Up I raise Myself and tell him to swallow without closing his mouth...he still is not allowed to taste.

You see, this is just a test of many to see how much we can trust each other. he will be Mine.

I look into his eyes and feel his hands clutching My ass again, I place My hands on top of his and raise up. This time he is allowed to swallow and taste. he moans softly as I rub My clit against the tip of his nose...Thank goodness he has one of use to Me. As I sit down again on his parted lips I feel his tongue getting ready to sneak a taste, the urge is taking over....."Do you not know I can read your mind? That I do not know your thoughts My bitch?" I say to him with My eyebrow raised. he is slightly startled and a look of desperation mingled with fear revealed themselves in his expressive eyes. "You know you will be punished, yes?" "yes Ma'am" he mumbles into My pussy, sending reverberations all over My clit and chocolate walls....how hot that makes Me....and he knows it.

Smothering... by LAS

(Continued from page 3)

I slide back so that he could breathe through his nose, his mouth still parted. you may taste My juices now. I feel his arms curve around My backside, on the top of My ass, to give Me a hug of gratitude as his warm velvety tongue begins to caress My lips and inner crevices. I feel his fingers knead My butt through the soft lace and find their way up to My erect nipples. As he pinches them lightly I feel the first heat flash come over Me as My breath catches in My throat.

Your touch... By Gazelle

Your touch excites me, thrills me.
Your caress moves me close to tears.
Your hand in my hair, sweaty from
exhaustion,
Moves me to redouble my efforts for you.

Asking me to "Take this for me"
re-energizes my soul.
You try to memorize the feel of my skin... my
eyelids...
My ass... the downy hairs on my arms, my
cheeks...
Your hands are all over me, feeling, kneading,
pushing,
Pulling, tweaking, exploring... you know my
smell, and
You love it. You inhale deeply, and kiss me,
hard.

I am wet for you, wanting you, needing you. I
lose all
Control to you, for you... My wetness pleases
you greatly.
I growl, I moan, I stomp my feet
From the kisses that your whip delivers.
I cry out, I scream.
You stand behind me, pulling me roughly
towards you,
Towards your hardness.... The thought of you
takes my breath away.
I need that hardness inside of me, I dream of
your body
Next to mine, taking me, possessing me.

After the play, your touch is calming,
caressing, soothing. You praise me, you
pamper me, you hold me close in your arms,
and I feel safe and loved and cherished.

Your touch excites me, thrills me...
And I am yours.

On the Road Scene Report... by Sir DJ & ratty

(ratty)

Hmmm... I keep thinking about how to start this. It's always difficult for me to get my thoughts out on paper. I always feel like I'm doing an injustice to the actual experience. Southeast Leatherfest V was so much fun! It was Sir DJ's (Donna's) first leather event. We shared a room with Cristo, the mentor who first introduced me to BDSM over 5 years ago. It's been over two years since I've seen him, so needless to say, I was extremely excited about going.

(Sir DJ)

I was a little intimidated at first. On the way up I was nervous about meeting ratty's friends. I didn't know if I would make the grade. When we got there, I realized that they were just everyday people. We laughed and had a great time. Cristo introduced me to all of the vendors. They made me feel relaxed and welcome.

(ratty)

I was hoping that Sir DJ would enjoy Herself. A couple of weeks ago, I asked if She would still be into D/s if She weren't with me. She said that, although She wouldn't do anything that She was uncomfortable with, it really was not Her thing. I asked Her again on the way home from Atlanta...

(Sir DJ)

When I came out as a lesbian, I didn't go back into being straight after breaking up with my first girlfriend. I became aware of a new part of myself. BDSM is the same. In a sense, I've come out of the closet... again. It's just a different kind of closet. One slave contestant explained; it's like starting a new life. She said that she felt that her previous life was a dream. She woke up into the reality of D/s with her Master.

(ratty)

I only went to one workshop this weekend. Sir DJ and Cristo sent me away so they could "talk." I was a happy boi to leave the Sirs to their wicked plotting. The workshop was on Boot Blacking by Leslie Anderson. She presented the history of the art of leather polishing and did a demonstration. It was pretty fascinating to watch her at her passion. I also got a hand painted toy soldier to take home! She used these toy soldiers to explain the history and evolution of boots and leather care. She went through step by step on how she would recommend shining boots.

(Sir DJ)

I was disappointed that I missed the workshops, but

the whole event was like a continuous workshop. I learned so much from meeting and talking with everyone. I enjoyed the fantasies in the contest. My favorite was titled, "Each One, Teach One." It was about respect, honor, and trust. A woman came out and sat in a chair holding flash cards. Then another woman came out and sat down next to her. The woman with the cards held up one card at a time. Each had one word written on it (Respect, Honor, Responsibility, Trust, etc.) The woman held up each card until the other woman acknowledged that she understood the concept presented. Once finished, she handed the cards to her student and left the stage. Then another woman walked on stage and became the first student's pupil. After the second student learned the concepts, the first woman reappeared and all three embraced, having passed on the knowledge. It was very moving.

(ratty)

After the contests were over, we went to the Sanctuary. For anyone who's never been there, the best I can do is plead with you to go as soon as you can. It's the only way to get the full idea of how amazing this dungeon is. People tried to describe it to me, but until I saw it for myself, I couldn't have understood.

(Sir DJ)

Wiping the drool off of ratty's face

(ratty)

Thank you, Sir. *smile* I'm still pretty high from my flogging/waxing scene with Sir DJ and Sir Cristo. It was going to save the wax from my back, but it melted in the car. It looked like angel wings and I was hoping to use it to prove my innocence.

(Sir DJ)

Being new to the scene, I must say that I was pretty awed by the Sanctuary. We went downstairs to the women's only space. The first room had three X racks and the second room had a sling and a leather table. We had a very intense scene with Sir Cristo, Myself, Linda, and ratty.

There's so much to say. If I tried to write everything, this would amount to an entire book. This weekend was an incredible learning adventure. To be in the same space with so many experienced and accepting people helped me feel at home in the world of BDSM.

(ratty)

Welcome home, Sir!
